SERVICE
CONTRACTS

DELIVERING CONFIDENCE FOR THE ROAD AHEAD.

International strives to provide the best ownership experience in the business. That's why we offer innovative, comprehensive, flexible service contracts, designed to keep your vehicles healthy and productive while bringing you peace of mind.

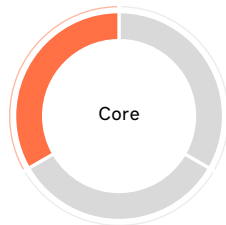

SOLUTIONS THAT DELIVER

- Greater uptime/fewer days out of service
- Optimized vehicle performance, efficiency, and reliability
- Financial flexibility with the ability to capitalize maintenance costs
- Lower total cost of ownership plus higher vehicle residual value

STAYING AHEAD OF THE CURVE.

Staying on top of regular maintenance is the best way to make sure your equipment is ready to get to work. Having work performed by specially trained technicians with genuine International parts and fluids is the best way to ensure your vehicle is in peak condition for the road ahead. And with our proactive service planning model, you can rest assured your vehicle's needs are being monitored all the time, freeing you and your team to focus on growing your business.

CORE SERVICE CONTRACT FEATURES:

Planned Maintenance

Consistent, reliable, high-quality work across the industry's largest service network in North America, including all required maintenance and multi-point inspections.

Proactive Service Planning

Our team will use remote health and performance data to monitor your vehicle, notify you when required service intervals are approaching, and work with you to schedule a service visit at a time and location that minimizes disruption to your operations.

Service Event Orchestration

We have dedicated resources focused on managing and expediting service and repairs, including coordination of technical and field support, expediting parts shipments, and more. We will keep you informed of service events with timely communication and service progress updates throughout your service visit.

KEEP ALL CYLINDERS FIRING.

The International® S13® Integrated Powertrain offers exceptional levels of performance and efficiency. Protect your vehicle's most essential vehicle components with powertrain coverage that includes major engine and aftertreatment components, transmission and clutch, your DEF system, and more.

FULL COVERAGE FOR FULL CONFIDENCE.

When your business always comes first, you leave nothing to chance. That's why we offer the Complete Service Contract, which includes maintenance and service, powertrain coverage, and non-powertrain coverage. With protection of components including HVAC, alternator, suspension, brake systems, and more, you'll have peace of mind that your entire vehicle is covered for as long as you need it.

NON-POWERTRAIN COVERAGE INCLUDES:

Cooling and HVAC
Starter / Alternator / Electrical
Suspension and Steering
Axles / Propshaft / Frame and Bumper
Braking and Fuel Systems

ONLY WHAT YOU NEED. NOTHING YOU DON'T.

Our coverage plans are designed to help protect your investment for years down the road with coverage tailored to the specific needs of your business.

SERVICE CONTRACT PAYMENT PROGRAM.

Invest your hard-earned dollars in peace of mind. There's an International® Financial payment program for Complete, Extended, and Core International Service Contracts with no finance cost.

- No finance cost: A traditional lending approach would add the price of services, such as extended powertrain coverage, to the price of the vehicle, and finance interest would be charged on the total amount. With the Payment Program, there is no finance cost for Complete, Extended, and Core International Service Contracts, providing significant savings
- Known and predictable cost per mile for planned maintenance and service
- A stable monthly payment over the term can eliminate unplanned maintenance and repair expenses, easing cashflow for your business
- Single monthly invoice, which can be included with the vehicle finance invoice
- Well-maintained vehicles with maintenance records typically sell at a higher price, putting more money into your pocket when you sell the vehicle. Well-maintained vehicles typically sell faster as well
- Often lower payments for qualified International Financial Fair Market Value (FMV) lease customers
- The Payment Program is available for a wide variety of products, including new and used International® LT®, RH™, HX®, HV™ Series Trucks powered by the industry-leading International® S13® Integrated, International eMV™ Series, and IC Bus® Electric CE™ Series

Contact your local International or IC Bus dealer to learn more about the Payment Program, exclusively available for International Financial financed vehicles.

International Financial services are provided by Navistar Financial Corporation.
